2014 Annual Report Grand Master of Ceremonies

Sourcebook

The 2014 sourcebook was revised for the 2014-2015 academic year. The content was updated with the most current information. In addition, minor changes were made to the formatting of some of the pages, the location and description of the national office was changed, and information about the PRs was updated to reflect the current tasks and methods for determining the number of PRs. Contact information for certain officers of the fraternity as well as Twitter and Facebook URLs were added to facilitate electronic communication. The binding of the sourcebook was also changed to create a more professional look and increase the number that can be shipped in one box.

Delta Delta installation

On October 25, 2014 the Delta Delta chapter installation ceremony was held at the University Center on the campus of Southeast Missouri State University. Many Delta Delta members and alumni and the chapter advisor were present to celebrate the arrival of the charter and the Beta Psi chapter was well represented to celebrate the results of their hard work as the colonizing chapter. The Gateway district counselor, Rachel Palasky, who oversees the Delta Delta chapter, and the district counselors from the Central, Great Plains, and North Central districts were in attendance along with PR John Becker. Brothers from around the country were treated to a great meal and reflections by some of the founding members of the chapter, the Delta Delta Master Alchemist, and the Supreme Council. These remarks were followed by the highlight of the evening - Grand Master Alchemist, Mark Evaniak, presenting the charter to the chapter.

Website and Social Media

Working with the National Office staff and the other members of the Supreme Council we established a Facebook presence for each of the members of the Supreme Council. In addition, we are refining the social media footprint of the fraternity to better communicate with our members through social media. We are in the beginning stages of the process to determine when and how to use the different social media platforms effectively for each office.
